

Join us for the 2018 Conference of New England Governors and Eastern Canadian Premiers (NEG/ECP) in Stowe, Vermont and be a part of the bi-national conversation:

Connections on regional initiatives in clean energy and innovation, and trade.

[Click here for sponsorship opportunities](#)

We are pleased to announce that the 2018 NEG/ECP Conference will be held at the beautiful Stowe Mountain Lodge in Stowe, Vermont. From August 12th-14th New England Governors and Eastern Canadian Premiers along with various governmental, non-profit, and corporate partners will join and work together to discuss clean energy and innovation, and trade that affect the region.

It is never too early to mark your calendar and learn how you can be a part of this well-attended [annual conference](#). Over 300 attendees came out for the 2017 NEG/ECP Conference in Prince Edward Island and we anticipate similar numbers for 2018. For your convenience we are here to advise on the opportunities and sponsorship benefits available to you.

As Secretariat of the conference we are working diligently with our host, Vermont to provide an interesting and enlightening lineup of events and panelists. Topics will include renewable energy, electric vehicles and energy storage, cross border trade, and restoring stability on political discourse.

A draft agenda and registration will be announced in early spring on the 2018 NEG/ECP website. The NEG/ECP Conference will be celebrating its 42nd year of cross border partnership and we hope that you will continue to support this important cooperation between countries.
